

THE EVENING BULLETIN

SATURDAY, FEBRUARY 6, 1868.

A LOUISVILLE woman wants \$60,000 for defamation of her character.

THE mill at Minneapolis are now making 13,000 barrels of flour daily.

FIFTY-FOUR head of trotting, road and saddle horses were sold at Lexington Tuesday for \$20,345.

The Register of the Land Office reports that the total receipts last year amounted to \$1,517,500.

The poor soldier is to be well cared for. The Commissioners of Pensions estimate that it will require \$75,800,000 for next year.

The bill regulating the sale of deadly weapons has been passed by the Legislature, and only awaits the Governor's signature to become a law.

A STREET railway company in the City of Mexico carries 9,000,000 passengers annually, and pays an annual dividend of 6 per cent. on a capital of \$3,000,000.

MASSACHUSETTS has something over one thousand nine hundred miles of railway belonging to sixty-three corporations, who employ thirty thousand men to carry on the business.

The State Senate has passed an act amending the law as to carrying concealed deadly weapons. It makes the punishment fine, or imprisonment, or both in the discretion of the jury.

A BILL has been presented in the Legislature to incorporate the Kentucky Rock Oil Company, of Paris. Its capital stock is \$5,000,000, with power to increase to \$50,000,000. It is object of the production and sale of coal oil and gas.

SENATOR SHERMAN is one of "fortune's favorites" at least, it looks that way. It is not long since he was reelected Senator from Ohio. Then he was chosen President of the Senate, and now he has won a child's \$3 suit at a raffle. Give the wheel another turn.

At 3 o'clock Wednesday, the last rail was laid and the last spike driven in the Cincinnati, Georgetown and Portsmouth railroad, and Georgetown's cup of happiness is now "full to overflowing." The road gives promise of being one of the most profitable in that State.

REPRESENTATIVE A. P. GOODING has introduced a bill in the Legislature to repeal the law allowing \$75 a year to paper idiots. These cost the State over \$62,000 last year. He has also introduced a bill to prevent clerks of that State from the collection of unlawful fees.

A RECENT decision in Boston says Dakota divorcees are n. g. in Massachusetts. According to this, a fellow may be a single man in one State, but by stepping across the line into Massachusetts he becomes a married man, without any ceremony being performed. Why couldn't a fellow have two wives according to this decision?

The city of St. Louis is in a predicament similar to that the State of Ohio is at the present time. Ohio has two Senators and St. Louis two councils. The trouble at St. Louis is a result of the war between the gas companies. Fox, the chairman of the council is said to have been deposed from office, but he has expressed his determination to preside at the next meeting "if it costs blood."

This disgraceful muddle in the Ohio Legislature has at last been compromised. It all grew out of the alleged election frauds at Cincinnati, coupled with a desire on the part of the Republicans to get entire control of things, and it has now been settled that a committee of three from each faction will do the investigating. A thorough investigation will probably show that all the corruption is not in one party.

Stanton Sangue of Success. A Washington reporter to the Louisville Times of the 4th instant says: "Major Henry T. Stanton seems to be as happy as a man with wheat at the mill and his turn next. He is attending receptions and reciting poetry by the yard. He is the guest of Dr. and Mrs. Walsh, New York avenue. The Major thinks his commission as Revenue Agent will be signed as soon as Commissioner Miller reaches the department."

"The Good Work Goes Bravely On." Says the Vassarburg Courier in alluding to the Maysville and Big Sandy Railroad:

The people all manifest a deep interest in the enterprise, and many are enthusiastic. The Committee appointed to aid in securing the right of way, has been at work in town during the past two days and has made rapid progress. Many have given the right, and opinions at reasonable figures have been obtained almost the entire distance. But few really obstinate property owners have been found. The belief is general that the railroad will come."

THE BRAZILIAN MAILS.

THE GOVERNMENT ASKED FOR AN INCREASED APPROPRIATION.

The Steamship Company Have Lost Largely in Carrying Uncle Sam's Missives—"The Cowboy Bill"—Marine—Pensions—Deaths in the House and Senate.

WASHINGTON, Feb. 4.—Captain Laskin, of New York, representing the United States and Brazil Steamship company, was heard by the house committee on post offices and post roads on the interest of the government in carrying the mail. He said that the company made fifteen trips a year now, and after the two ships under course of construction were completed they would make semi-monthly trips. The pay during the past year was \$22 a trip for carrying the United States' mails, the average amount carried being 2,118 pounds a trip. The cost, he said, for the transportation of the mails was about \$4,000 a trip, and he asked an allowance of \$5,000, the loss heretofore being about \$1,000.

Military affairs by a vote of 6 to 1, instructed Mr. Laird to report his bill authorizing the organization of two regiments of soldiers and citizens in the southwest to protect the inhabitants from Indian raids. This measure is known as "the cowboy bill."

Shipping continued the consideration of the Dumb free ship bill, but a conclusion may not be reached until the arrival of the second meeting of the Senate, when a bill to amend the Dumb bill will be introduced.

The app. committee agreed to report the pension appropriation bill. The total amount appropriated by it is \$54,200.

SENATE.

Washington, Feb. 4.—A number of petitions from the Knights of Labor were presented praying congress to open up to settlement the Oklahoma lands.

The senate adopted Mr. Davis' resolution calling on the secretary of the interior for papers bearing upon the performance of the duties of the office by the Indian inspector. (Mr. Ward was succeeded by Morris Thomas, of Baltimore.)

The joint resolution making Tampico, Mexico, a port of entry was taken up and passed, but Mr. Ward gave notice of a motion to reconsider.

On motion of Mr. Conger, the bill providing for the sale of the old site of Fort Brady, Mich., and for the purchase of a new site for the erection of a building thereon was passed.

Mr. Sewell's bill increasing the annual appropriation for the militia from \$30,000 to \$40,000 per month was withdrawn, and to move that Mr. Harlan be given the second reading of the bill providing for the admission of Dakota to statehood. Mr. Butler took up the bill.

House.

WASHINGTON, Feb. 6.—The speaker laid before the house a message from the post master, transmitting copies from the secretary of the treasury, and also a communication from the Southern Pacific Railroad company and other corporations. The document contained nothing new.

The speaker appointed Messrs. Harlan, George, and Culver, of Indiana, to fill vacancies in the shipping committee, and at 12:30 the house went into committee of the whole. Blount, of Georgia, in the chair, on the previous calendar.

DASTARDLY DEED.

Seven Men Horribly Burned by a Coal Oil Field.

St. Louis, Feb. 6.—A terrible attempt upon the life of a man was made at 12:30 a. m. yesterday. A number of railroad tracks were covered.

The glare of light attracted the attention of all the railroad men who happened to be out. They ran toward the place, and as they did so they heard sharp reports, and a ball was shot from the gun. The gun was held in the fiery cage usable space.

There was a run to the door and it was forced in, when two men staggered out.

Other men were dragged out unconscious.

The scene of the victim was blackened and streaks of flesh peeled off, presenting a horrible sight.

There were seven taken out of the building. They said that the gun was fired at the window in the house, and were sitting around the stove talking, when suddenly the stove seemed to burst open and the flames went all about the room enveloping the men before they could turn toward the door. They said that about 15 men were in the house and struggled with each other in an endeavor to get to the exit. They groped and it seemed an eternity before they heard the cries of those who came to their rescue.

They remembered very distinctly that they smelled coal oil as the flames burst around them. The strange manner in which the fire started, and the fact that some were blown out when the chimney to the stove.

Near the back of the shanty on the ground was found a bin which had evidently contained coal. The name of the man who was in the house at the time of the explosion was James Donahue, William Gilks, Pet. Boyle, Scott Sander, John, McGee, Fred Erickson. They are all severely burned, but whether any of them are necessarily fatally injured cannot be known as yet.

Foolish Talk of Shooting Niagara.

TORONTO, Feb. 6.—Wallace Ross and Fred Plessis say that they will make an attempt next August to go through the Niagara whirlpool in a boat. They claim that they have a boat which is well equipped, and that the boat they have contracted for in the United States will carry them through safely.

Actors' Fund Benefits.

New York, Feb. 6.—The matinees at Shubert's, Madison Square and Daly's theatres for the benefit of the Actors' fund, were a success. The audience was large, and the proceeds will be large. It is believed the proceeds will be about \$1,500.

Arrested for Heavy Forgery.

PRINCETON, Feb. 6.—Silas Kendall, of Greely, Conn., arrived here and left for home with Capt. A. C. Williams, who, it is alleged, is wanted in Greely, Danvers and Conn., Col., for forgery aggregating tens of thousands.

Office at Mr. Miner's former residence on Second street. Office hours from 9 to 12 a. m., 1 to 4 p. m.

SOME of our wags sold several of the boys here last Tuesday by painting Charley White, of Maysville, off on them for G. P. Huntington. Charley looks like Collis, and there is but little difference in their style. Collis has more railroads than Charley, but not any more than Charley wants.—[Vanceburn Courier.]

PROFESSOR WILLIS, the physiognomist, says: "Beware of the girl that has black eyes, shun the girl with blue, and run from the girl with gray eyes." This practically restricts the choice of the foolish young man to the Circassian girl with pink eyes, who is not warranted genuine outside of the dime museum.—[Buffalo Express.]

Hall's Vegetable Sicilian Hair Renewer imparts a fine gloss and freshness to the hair, and is highly recommended by physicians, clergymen, and scientists, as a preparation accomplishing wonderful results. It is a certain remedy for removing dandruff, making the scalp white and clean, and restoring gray hair to its youthful color.

In next Monday's issue we will publish the address delivered by Rev. E. L. Powell at the Longfellow entertainment last Monday night at the Christian Church. We do this at the urgent solicitation of a number who were present at the entertainment, and we feel confident that it will be read with interest and pleasure by all.

We learn that satisfactory arrangements for the right way have been made by the Right of Way committee with a number of landholders below the city. We hope no difficulty will be thrown in the way of the committee to secure the right along the whole line. Let us have the Newport, Maysville and Big Sandy road. Every body wants it.—[Ashland Express.]
